Re: - Supply of Site Sheds and Canteen Units

Dear Grant and Trish

It is with great pleasure that I am writing this letter to you on behalf of Gosford City Council. We would like to thank you for the happy and positive dealings that we have had with you and your company over the past twelve months.

The two custom size and layout site sheds and custom Canteen have been delivered exceeding our specifications and expectations. It has been a pleasure dealing with a company that prides its self on communicating with its customers. So often these days we will order a product and then have to chase it right through to the end, only to inspect it before delivery, then being nothing like the product specified. This was not the case here! You kept us up to date weekly on the build by sending progression photos, you notified me immediately when you expected suppliers to let you down, and the finish date may not be met, only to meet the finish date anyway. Then when the sheds were ready for delivery and I asked for extra vandal protection it was dealt with quickly, positively and correctly.

Thank you once again, Gosford City Council will most definitely be calling on your company to quote on future purchases.

Sincerely,

Regards,

Clint McManus
