TO WHOM IT MAY CONCERN

This is to state that the business Another Room has recently completed a difficult contract for this company at Batemans Bay Hospital comprising the manufacture, delivery and erection of a 12mx6m transportable building complete with office fitout, the lifting and relocation of an existing transportable building and the joining up of the old to new buildings.

The elevated structural steel platform, electrical, mechanical and external plumbing contracts were handled by this company with the majority of the electrical works being carried out in Another Room's factory by our contractor.

Coordination of the services trades was done jointly by Another Room and this company.

Mr. Grant Lamont, the proprietor of Another Room supervised all off site and on site works carried out by Another Room, handling all construction and administrative matters (including OHS&R) efficiently and capably. Overall we were very pleased with the performance of Another Room, their professionalism, work ethic, relationship with us and our client were to be commended.

Yours faithfully,
G.E. Shaw & Associates (ACT) Pty Ltd
