To Whom it May Concern:

"Thank you very much Grant for our additional room. We are extremely happy with the quality of the product, the value of the product and in particular we are very grateful for the interest you took in our needs throughout construction.

We appreciated your many calls suggesting alternatives to make the design more practicable and usable - ie it was clearly evident you were interested in what suited and was best for us - thank you again and if any potential customers would like to inspect our product they are more than welcome."
